

About Rod Shellshear

Born Sydney 1955, lived in Brisbane 1958-1988, Sydney/ Central Coast 1988-2000, Central Coast 2000-present.

Qualifications: Electrical Engineer and Electrical Contractor

Working Life: Private companies 1974-1990, Self employed 1990 - present

Sales and repairs to Allen Digital Computer Organs now installed in many churches throughout NSW

Work skills: Design and manufacture of Industrial Switchboards, Transformers and Rectifiers, Pool Chlorinators, Air Conditioning Systems, Electrical and Electronic Repairs and also Automated Machinery.

General skills: Due to my interest in all things electrical, mechanical and building I am reasonably proficient in fitting and turning, spray painting, welding, carpentry etc.

Greatest and first achievement in life: Repairing my mother's first automatic washing machine at the age of nine requiring her to cancel the serviceman's visit. This led to my life's career path.

Interests: Gardening, music, piano playing and of course Bridge.

Charitable work: Around 5yrs as a Board member of Central Coast Living Options (CCLO), a not for profit company providing accommodation and care for disabled people.

I have previously been on the CCBC Committee for five years and have also been Maintenance Officer for most of that time. During my time in that role the club has saved a considerable amount in repair and other project costs (office fitout, electronic sign electrical work and many more)

I have also been on the Building Upgrade Subcommittee from its inception and overseeing the project to a resounding approval at the SGM and beyond.

During my working life I have prepared all Tax Returns and 3 monthly BAS statements. At CCLO I became proficient at reading and analysing Financial and Profit/Loss Statements, Financial reports and spread sheets.

With the Treasurer's position in mind Phil (present Treasurer) and Dawn Thomas have recently been giving me training in MYOB, business accounting program and software.

My intention is to carefully oversee and manage the purse strings if I am handed the reins of Treasurer at the upcoming AGM.

Thank you.
